Manufacturer's Representatives Serving the Construction Industry

The screenshot shows the INTEK website homepage with a navigation menu (Home Page, Products, Project Gallery, Downloads, Request a Quote, Contact Us, Links) and a main content area. The main content includes a large image of a building under construction, a 'Manufacturers' list with logos for STI, SPS Seal, MM, Precision Ladders, ThermoFiber, 3M, and Promat, and a 'Products' list with categories like Expansion Joints, Firestopping, Fireproofing, Architectural Metals, Ladders, Insulation, and Joint Sealants. A 'Welcome to INTEK' section lists key industry markets (Healthcare, Commercial, Institutional, Chemical Process, Hospitality, Multi-family Housing) and a Cleveland Distribution Center. A 'Proud Members Of' section lists ICC, IRC, and NFPA. The footer includes links for 'More Company Info', 'Our Products', 'Project Gallery', and 'Request a Quote'.

www.intekcp.com

As a professional service, INTEK offers material and technical guidance for the selection and installation of each of the products that we represent.

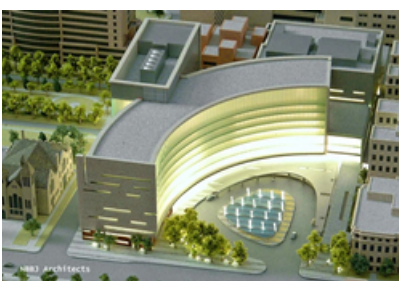

INTEK provides solutions for today's problem installations.

INTEK collaborates with designers and contractors, participates in site visits, observes field conditions and suggests products and installation methods.

On the site or in your office . . . Product samples and catalog information are provided for your convenience.

The INTEK website links you to each of our manufacturers sites to keep you up to date with the most current product information.
